INSTRUCTIONS

STEP 1

The top is crocheted from the bottom up in a simple clam pattern. You divide the work at the armhole and then work the fronts and back separately. The sleeves are crocheted along the length of the armholes. This is a one-size pattern. To adjust the size, simply increase or reduce the number of clam pattern sequences.

STEP 2

Make a loop and work 93 loose chain stitches (ch), turn.

Row (r) 1: Skip the first ch and work 92 double crochet stitches (dc), 3 ch, turn.

R 2: Skip first dc, work 2 treble crochet stitches (tr), 2 ch, 2 tr, all into the next stitch (st) (= 1 pattern sequence), then *skip 3 sts, 2 tr, 2 ch, 2 tr, all into next st*, repeat from * to * to last 2 sts, skip 1 st, 1 tr in last st, 3 ch, turn.

R 3: Now work *2 tr, 2 ch, 2 tr into the chain space of the previous r*, repeat from * to * to last st, 1 tr into last st, 3 ch, turn.

Now repeat r 3 a total of 12 times. Divide the work at the armholes.

STEP 3

Fronts:

Continue working r 3 with 6 clam pattern sequences for 9 rs, turn. Neck shaping: In r 10 after armhole divide, work only 4 clam pattern sequences and then in r 11 only 3. Continue until you have worked a total of 12 rs from the armhole divide. Work the other front to match, reversing the shaping.

Back:

Work r 3 across the remaining 11 clam pattern sequences until you have worked 12 rows after the armhole divide.

STEP 4

Sleeves:

Sew shoulder seams.

Start at the lowest point of the armhole with a clam pattern (as in r 3), but work 1 pattern sequence into every second link = 11 pattern sequences around the sleeve. Join with a slip stitch (ss). Start the next row with 3 ch. Work 6 rds or make the sleeve as long as you wish.

STEP 5

Make two ties on the fronts (work ch and then work back with ss) (each tie is approx. 20 cm long). Weave in ends.
